Old Pioneer Passes Away

Judge Geo. C. Reed Joins Great Majority.

From the Winslow Mail.
George Carpenter Reed, Justice of the Peace for Winslow precinct, died last Tuesday night at 8:30 o'clock, a victim of locomotor ataxia. Judge Reed had been ailing for many months past and has suffered much agony recently. A short time ago the judge was taken to Albuquerque to undergo a course of treatment which it was hoped would prove beneficial, but although greatly benefitted, temporarily, the treatment made no decided improvement in his condition, so that his family decided to bring him back home some three weeks ago. Since returning the judge has been bedfast nearly all the time, the only exception being short intervals when he was assisted from the bed to the chair where he spent moments. While Judge Reed was very weak, and his condition did not seem to improve, yet death was not expected so that the end was a severe shock to his family. A wife and three children, Miss Lessie, Carl and George, all residents of Winslow, are left to mourn his loss.

The funeral services were held from the residence at 2:30 o'clock Friday afternoon, being held under the auspices of the Masonic lodge, of which Judge Reed was a member. A brief sermon was delivered by Rev. M. F. Ault, pastor of the Methodist church.

A duet, "Rock of Ages," was beautifully rendered by Messrs. Smith and Gillard. Assisting the Masonic body at the funeral were the members of the Brotherhood of Locomotive Engineers and the Grand International Auxiliary to the B. of L. E. Judge Reed, having been an engineer for a number of years.

The pall bearers were: Walter D. Friend, L. O. Hohn, R. P. Kelly, Herman Lukes, George F. Schaal and Geo. J. Jewett.

George Carpenter Reed was born at Centerboro, N. H., August 8, 1837, he being the last of a family of five children. When about seventeen years of age he removed with his parents to Lee Center, Illinois. Shortly afterwards he began his railroad career, entering the service as a fireman for the P. & P. N. Ry. A year later he was promoted to engineer, which vocation he followed up to May, 1906.

Judge Reed was among those striking out into the great northwest, being on construction work for the N. P. during the early stages of that road's existence. Later he held a regular run on that road between St. Paul and Duluth. Sometime later he accepted a position with the C., St. P., M. & O., and was assigned to a run between Sioux City, Ia. and St. Paul.

In 1872 Mr. Reed was married to Miss Susie Garrison of Saint James, Minn., who still survives him. Three children were born to them, are left to comfort the widow.

In 1880 Judge and Mrs. Reed moved to Topeka, where Judge Reed had secured a place with the Santa Fe. During 1890 Mr. Reed was master mechanic for

the Pacific Short Lines.

From 1892 to 1896 Mr. Reed was City Assessor of Sioux City, Iowa. In 1897 he moved to Chanute and it was while at this point that he became affiliated with the Masons, joining the Blue Lodge there late in 97. In 1887, together with his family he came to Winslow and secured employment as an engineer on the Santa Fe. He continued in this capacity until May, 1906, when he left the service to enter the real estate field in San Diego. After a residence there of two years he returned to Winslow and at the last election he was chosen Justice of the Peace by a handsome majority.

Judge Reed was also a member of the B. of L. E., having joined that organization at Waterloo, Ia., in 1875. He was a delegate to the Grand Lodge held in San Francisco in 1884. Judge Reed affiliated himself with the I. O. O. F. in 1875 and continued an active member thereof until his death.

FLIES COUGHT FROM FORT APACHE.

The "home plate" has been transferred from the ordinance store house to the Post Exchange. It is evident that the sporting writers are very poorly posted on batting averages, Hans Wagner is there but is a back number with John.

What is the matter with Charley Oxx? Has his brain stopped working since he cut out cigarettes? Wake up Charley and get busy, the bats are getting cold.

The "bee keeper" says the bees are not buzzing now, no one has been stung recently so he has returned to the "cracked ice" business.

What were the "solid three" doing in Globe, has been asked by many. That is something we can not answer, but from the reports received they did not attend the W. C. T. U. meeting.

How about the fountain pen and what was the matter with "Coffee" that he had to retire so early? "Oh, what a difference the morning after the night before."

The editor would like to know what was meant by "A fine view" received recently from Globe. Can any of the "Solid three" explain?

We are very sorry to state that "H" Troop's "deer hunter" is falling below his average at the bat. Wake up the fielders, are using baskets as the ordinary gloves are not strong enough. Give us a report about Wingate.

From the latest reports "Jest So" has gone into the livery business. Any one desiring a good one, ask for "Schnapps".

On Saturday evening, November 13th, "Sugar Plumb" Orchestra will render a concert at the East Forks. Don't mind the date for the musicians are there. Oh, what a noise.

The Station Agent at Holbrook, had to call out a section gang to dig out a couple of recent arrivals from Ft. Apache, before the citizens here could identify them. What was wrong, nothing but dirt and sand.

Cigars have been quite plentiful lately and the exchange has found it necessary to order a lot of extra large shirts, owing to the increased chest expansion.

Although the medals have arrived for the Sharpshooters and Experts, there has evidently been a grave error, we have only one man that can shoot at a turkey and miss it, and shoot again and hit where he missed and he has been left in the cold. Perhaps the Saddler can turn one out.

On Wednesday evening, November the third, The "E", Troop Dramatic Club opened the season with the following excellent program: "The Great Medical Dispensary" "The Comedy Four Quartette, "I'll Stay Awhile" and "Looking for Trouble"

The Comedy Four made a decided hit, also the first number. Let us hope that these productions will come more frequently, as they are most enjoyable.

The "Telephone girl" is working overtime now in an attempt to keep the grass from growing in the path between headquarters and the Exchange. There is nothing doing Charley, the Steward is wise to you.

Patsey is about to create a corner in watered stock, according to the latest advices from Wall Street. It is also reported that he contemplates gaining control of the Whiteriver Bank. J. P. Morgan had better sit up and take notice or he will be out of the running.

The game laws are to be strictly enforced east of the Post, but "Old Hose" has a code for his own convenience.
